Wir sind Visionäre. Wir sind Macher. Wir sind Perfektionisten. Wir sind ein Team mit Ideen und Liebe zum Detail. Wir sind SanaBio GmbH! Weltweit werden unsere Produkte als Rohstoffe unter anderem in der Lebensmittel-, Kosmetik- und Pharmabranche eingesetzt. In den letzten Jahren haben wir uns außerdem zum Spezialisten für den Im- und Export auch aus Drittländern entwickelt.

Nachhaltigkeit ist für uns kein Marketingbegriff, sondern Grundlage für all unsere betrieblichen Entscheidungen. Bei uns bekommen ihr Produkte aus kontrolliert biologischem Anbau. In der Herstellung unserer Erzeugnisse versuchen wir so viel möglich aus den Schätzen der Natur zu verwerten. Wenn es sich nicht vermeiden lässt, wird Abfall recycelt und dem Wertstoffkreislauf wieder zugeführt.

SanaBio - With passion and organic quality

*We are visionaries. We are doers. We are perfectionists. We are a team with ideas and attention to detail. We are SanaBio GmbH!
Our products are used worldwide as raw materials in the food, cosmetics and pharmaceutical industries, among others. In recent years we have also developed into a specialist for imports and exports from third countries.
For us, sustainability is not a marketing term, but the basis for all our operational decisions. With us you get products from controlled organic cultivation. In the manufacture of our products, we try to use as much of the treasures of nature as possible. If it cannot be avoided, waste is recycled and fed back into the material cycle.*
